GANN "FAIR PAY AMENDMENT" INITIATIVE -- OPPOSE

(Federal Legislation)

EXPRESSING SUPPORT OF THE PASSAGE OF S. 2446 REQUIRING THE SECRETARIES OF AGRICULTURE AND HEALTH AND HUMAN SERVICES TO ENFORCE CERTAIN FOOD LABELING REQUIREMENTS FOR PACKAGED FOOD SOLD IN FAST FOOD ESTABLISHMENTS.

WHEREAS, Major cardiovascular diseases are responsible for more than one million deaths in the United States each year. As a result, almost one out of every two Americans die of cardiovascular diseases. In 1984, nearly 50 percent of all deaths in San Francisco were from heart disease, stroke and related disorders. It has been estimated that coronary heart disease costs the United States over $60 billion a year in direct and indirect costs.

WHEREAS, There is increasing evidence of a relationship between diet and many of the leading causes of death in the United States. A number of risk factors have been identified as strongly associated with coronary heart disease. High blood pressure and high blood cholesterol are two of the most clearly established of these factors.

WHEREAS, A large body of evidence reveals that the blood cholesterol level of most Americans is undesirably high, in large part because of our high dietary intake of calories, saturated fat, and cholesterol. In countries with diets lower in these constituents, blood cholesterol levels are lower, and coronary heart disease is less common. There is no doubt that appropriate changes in the American diet will reduce blood cholesterol levels.

WHEREAS, The $47 billion fast food industry provides a sizeable and growing portion of the American diet. Studies indicate that Americans eat out often and that younger groups eat more often at fast food places. A Gallup study over a three-year period (1978 to 1980) revealed that 30 to 42 percent of those polled had eaten out the day before. Twenty-eight percent ate at fast food establishments. Other studies have shown that one out of every five working women eat at a fast food establishment four times a week. It is apparent that fast foods comprise a significant portion of the diet of many Americans, San Franciscans included.

WHEREAS, Recent studies have shown that fast food establishments use highly saturated fats, such as beef tallow, in the preparation of fried foods. Fast foods can supply more calories than needed from one meal. Sodium levels may be high, which is of special concern for people on sodium restricted diets. Various studies have noted the high fat and sugar content of some fast foods, and the low levels of vitamins A and C in many fast foods. Further, the majority of fast food establishments provide few vegetables, fruits and whole grain products on their menus.

WHEREAS, When it comes to selecting a nutritious meal, most fast food diners are provided little, if any, information regarding foods on the menu. Requiring ingredient and nutrition disclosure would enable consumers, particularly consumers with histories of heart disease, stroke or allergies, to make informed choices concerning their eating habits, choices more consistent with their long term health.

NOW, THEREFORE, BE IT RESOLVED, That the City and County of San Francisco does hereby express its support of the passage of S. 2446 as a measure which would be productive to the health and well being of the residents of San Francisco; and, be it

FURTHER RESOLVED, That the Board of Supervisors urges the Mayor to urge members of the San Francisco delegation in the

federal legislature to develop a nationwide ingredient and nutrition disclosure strategy that will provide consumers with the information they want and need about food sold in fast food establishments; and, be it

FURTHER RESOLVED, That copies of this resolution be furnished to her Honor, the Mayor, for transmission to the Federal Legislation Advocate for presentation by the latter to the members of the San Francisco delegation in the federal legislature, with the request that all necessary action be taken to ensure the enactment of the above described legislation and to effectuate the intent of this resolution.

(Ocean Avenue Restaurant and Fast Food Establishments Moratorium) PROHIBITING THE APPROVAL OF PERMITS FOR THE ESTABLISHMENT AND OPERATION OF RESTAURANTS AND FAST FOOD ESTABLISHMENTS ON OCEAN AVENUE, BETWEEN PHELAN AVENUE AND MANOR DRIVE; PROVIDING FOR DEFINITIONS AND A SEVERABILITY CLAUSE.

Note: The entire ordinance is new.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Purposes and Findings.

The Board of Supervisors, having received and considered numerous complaints from citizens residing in or about the neighborhood of Ocean Avenue, between Phelan Avenue and Manor Drive, makes the following findings:

A. The residents, merchants, neighborhood associations and other groups in said Ocean Avenue area between Phelan Avenue and Manor Drive have expressed great concern and alarm over the proliferation of restaurants and fast food establishments in the area and the resulting problems of noise, odors, scarcity of parking for the residents of the area, traffic congestion and the general reduction of the quality of life in the area.

B. There are presently numerous restaurants and fast food establishments in the aforementioned area.

C. Noises and odors generated by restaurants and fast food establishments in the aforementioned area cause disturbances to the public peace, particularly to the peaceful enjoyment of property by those persons residing in adjacent buildings.

D. These interim controls are necessary for a 12 month period in order to enable the Board of Supervisors and the City Planning Department to study the problem and to devise permanent controls for the Ocean Avenue area which will promote the health, safety and welfare of the citizens of San Francisco.

Section 2. Definitions.

For the purposes of this ordinance, the following definitions shall apply:

(1) Fast Food Establishments. Any premises which offer for retail sale for immediate off-premises consumption, ready-to-eat cooked food and beverages primarily served in or on disposable wrappers, containers, or plates. This definition is not applicable to food operations which are operating on the same site as, and incidental to, another business, such as a supermarket.

(2) Restaurant. Any restaurant, coffee shop, cafeteria, short order cafe, luncheonette, tavern, cocktail lounge, sandwich stand, soda fountain, caterer, or other establishment which gives, sells or offers for sale food to the public or patrons, which food is prepared on the premises for serving or consumption on or off the premises and which food requires no further preparation. The term "restaurant" shall not include itinerant restaurants, cooperative arrangements between employees who purchase food or beverage for their own consumption and where no employee is assigned full time to care for or operate equipment used in such arrangement, or private homes; nor shall the term "restaurant" include churches, church societies, private clubs or other nonprofit associations of a religious, philanthropic, civic improvement, social, political, or educational nature, which purchase food, food products, or beverages or which receive donations of food, food products, or beverages, for service without charge to their members or for service or sale at a reasonable charge to their members or to the general public at occasional fund-raising events, for consumption on or off the premises at which the food, food products or beverages are served or sold, if the service or sale of such food, food products or beverages does not constitute a primary purpose or function of the club or association, and if no employee is assigned full time to care for or operate equipment used in such arrangement.

Section 3. No application for a permit nor any permit for any restaurant or fast food establishment as defined herein shall be received, considered or approved for operation on Ocean Avenue between Phelan Avenue and Manor Drive; provided, however, that the provisions of this ordinance shall not apply to an existing restaurant or fast food establishment in the area relocating to another site within the aforementioned area, or to the expansion of an existing business to an adjacent building when the applicant had purchased or acquired the adjacent real property for the sole purpose of facilitating such expansion prior to the imposition of the interim controls set forth in this ordinance or any restaurant which seeks to locate on a site the last use of which has been a restaurant or fast food establishment, or any

fast food establishment which seeks to locate on a site the last use of which has been a fast food establishment, if the new business has the same or fewer seats, the same or less occupied floor area, and the same or decreased intensity of use as the prior business, or change of ownership.

Section 4. Severability. If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this ordinance or any part thereof, is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this ordinance or any part thereof. The Board of Supervisors hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional or invalid or ineffective.

["Quint" Fire Truck]

URGING THE MAYOR TO REQUEST THE FIRE COMMISSION TO RECONSIDER USE OF THE "QUINT" AS A FIRE-FIGHTING VEHICLE IN SAN FRANCISCO.

WHEREAS, It is the policy of the City and County of San Francisco to provide its citizens with the best possible public services, keeping in mind the health, welfare and safety of the community; and

WHEREAS, It has been brought to the attention of the Board of Supervisors of the City and County of San Francisco that certain fire-fighting equipment, the "Quint," which is being purchased may not serve the community in a safe and effective manner in view of the topography of San Francisco; and

WHEREAS, The Public Protection Committee of the Board of Supervisors held a hearing on July 10, 1986 regarding use of the "Quint" in San Francisco, and testimony presented at the time elicited the following:

That among five of the cities which have used a "Quint" in the past - Redwood City, Sunnyvale, Daly City, Foster City, and San Diego - and Santa Clara County, it was found there was excessive overheating of brakes requiring major overhaul, there were malfunctions in the hydraulic system of the aerial ladder and pump, the overweighted chassis caused structural damage to and expensive overhaul of several components, and the costs for upkeep over and above normal preventative maintenance were excessive;

That due to the 41-foot length of the "Quint" and the over-loaded chassis, it was not safe to operate in San Francisco on hilly terrain or narrow streets;

That because of the different positioning required for aerial ladder and pumping operations, the "Quint" cannot successfully do both functions simultaneously;

That there is no leveling device on the turntable of the aerial ladder which is imperative for operation in San Francisco;

That the ladder on a "Quint" is 75 feet compared to other aerial ladders now in use which are 100 feet;

That Station 20, which will house the "Quint," provides fire protection for the heavily wooded Twin Peaks and surrounding areas, including Mt. Davidson, where street grades may vary from 12% to more than 22%, which exceeds the industry standard of a 4% grade for safe operation of a "Quint;"

That the water tank capacity of the "Quint" is less than that of a regular pumping engine; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby urge the Mayor to request the Fire Commission to reconsider use of the "Quint" as a fire-fighting vehicle for the City and County of San Francisco.

SEC. 249.6 BERNAL HEIGHTS EAST SLOPE SPECIAL USE DISTRICT

WHEREAS, The residents of San Francisco and California are regularly exposed to potentially dangerous pesticide chemicals in their food supply, drinking water, work place and environment; and

WHEREAS, Many of these chemicals have been closely linked to a variety of serious health problems including cancer, birth defects, genetic mutations, and neurological disorders; and

WHEREAS, The record of the federal government in protecting the public from these toxic chemicals has been seriously flawed; and

WHEREAS, There exists legislation pending before the Congress (H.R.2482/S.2215) resulting from lengthy negotiations between representatives of the pesticide chemical industry, environmental community and farm groups that would greatly strengthen the federal pesticide law, know as the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA); and

RESOLVED, The Board of Supervisors of the City and County of San Francisco urges the California Congressional delegation to lend its strong support to secure passage of H.R.2482/S.2215 and firmly opposes amendments which would preempt cities and counties from regulating the sale or use of pesticides or which would preempt the stares from acting to protect the food supply from pesticide contamination.

AUTHORIZING RENEWAL OF ROOF EQUIPMENT AGREEMENT AT 555 CALIFORNIA STREET FOR MUNI RAILWAY'S ANTENNA AND TRANSMITTER STATION.

RESOLVED, In accordance with the approval of the Director of Property and the General Manager of the Public Utilities Commission that the Mayor and Clerk of the Board of Supervisors, on behalf of the City & County of San Francisco, a municipal corporation, as Permittee, be and they are hereby authorized and directed to execute a written agreement with 555 California Street Partners as Owner.

The agreement is for the continued use of space on the roof of the building at 555 California Street (Bank of America Headquarters) and is required to house Muni Railway's Voice and Data Communications Base Stations.

The agreement shall become effective July 1, 1986 and will end June 30, 1987 and will automatically be extended on a year-to-year basis for four consecutive one year periods with either party having the right to terminate upon 180 days written notice.

On or before the first day of each calendar month during the term hereof, commencing on the first anniversary of the effective date, Permittee shall pay to Owner the sum of $500.00 per month. Said fixed minimum fee shall be paid by Permittee to Owner in advance, without deduction or offset, in lawful money of the United States of America at the office of Milton Meyer & Co. at One California Street, San Francisco, CA 94111 or to such other person or at such other place as Owner may from time to time designate in writing. In consideration of Owner's agreement to the foregoing fee structure whereby the fixed minimum fee otherwise payable for the first year of the term hereof is effectively amortized over the following four years, delaying for one year Permittee's obligation to pay any fixed minimum fee, Permittee agrees that if Permittee terminates this agreement prior to the fifth anniversary of the effective date, Permittee shall immediately pay to Owner an early termination charge in an amount equal to the lesser of (a) $4,800.00 or (b) the product of $100.00 multiplied by the number of calendar months from and including the month in which such termination becomes effective to and including the month immediately preceding the fifth anniversary of the effective date.

Permittee agrees to indemnify, defend and hold harmless Owner, Owner's agents and representatives and the holders of mortgages or other superior interests in the Building (hereinafter collectively called the "Indemnitees") from and against any and all claims demands, costs, damages, losses, actions, causes of action or judgments which result from or arise out of the installation, operation, existence, maintenance, repair, removal, replacement or relocation of the equipment whether occurring on the site or any place within or without the building. The Indemnitees shall not be liable to Permittee and Permittee hereby waives all claims against the Indemnitees for any injury or damage to any person or property in or about the site or for any costs or losses incurred by Permittee by or from any cause whatsoever.

[Supporting AB 3696 relating to child care and development services]

URGING SUPPORT FOR AB 3696 TO INCREASE THE GOVERNOR'S ONE PERCENT COST OF LIVING ADJUSTMENTS (COLA) FOR STATE FUNDED CHILD DEVELOPMENT PROGRAMS.

WHEREAS, the State Legislature provides $24,629,787 to provide over 14 different types of direct and indirect preschool/childcare services in San Francisco; and

WHEREAS, over 5,200 children receive quality comprehensive childcare through the State Department of Education funds, which are directed toward programs designed to provide support services to families as well as children; and

WHEREAS, Over the last five years state child development programs have received 33 percent less in cost-of-living adjustments than K-12 programs while operational costs and insurance costs have continued to increase; and

WHEREAS, The minimal cost of living will directly result in program changes in child development programs for the San Francisco Unified School District; and

WHEREAS, the present one percent COLA will not cover the cost of increased insurance rates for private non-profit state funded child care programs resulting in no or minimal pay increases to already underpaid teachers and aides; and

WHEREAS, in order to maintain present levels of child care services to low-income families who are working or going to school, the state childcare programs must receive an adequate cost-of-living adjustment to meet inflationary costs; and

WHEREAS, The increased COLA is essential to guarantee that the present quality state funded child development programs continue to provide services to the children in San Francisco; now, therefore, be it

RESOLVED that it is the policy of the City and County of San Francisco to support AB 3696 and encourage the Governor to sign this bill; and be it

(Lease of Property)

AUTHORIZING THE EXTENSION OF LEASE OF REAL PROPERTY AT 1360 MISSION STREET FOR THE DEPARTMENT OF SOCIAL SERVICES.

RESOLVED, That authority be and is hereby granted to the Director of Property, on behalf of the City and County of San Francisco, a municipal corporation, as Lessee, to extend that certain lease dated July 1, 1979, with Vilo Properties, Inc., as Lessor, for the premises at 1360 Mission Street for a period not to exceed one month beginning August 1, 1986. Rent structure shall be as follows:

1. Rent shall be $35,000 if City vacates premises no later than August 15, 1986. Lessor also agrees to waive requirement that City remove permanent partitions and conduit from the premises.
2. If City remains at premises beyond August 15, 1986, rent shall be $40,000 and City shall be responsible for removing permanent partitioning and conduit from premises.

This extension is necessitated due to a delay in the renovation of Social Services Relocation Building because of interior damage due to excessive winter rains and a delay in the elevator installation. The Developers of the building have until Aug.29,1986 to complete renovations.

(Hazardous Waste)

URGING THE MAYOR TO REQUEST THE HEALTH COMMISSION TO PREPARE AND IMPLEMENT A ONE YEAR RESEARCH AND DEVELOPMENT PROJECT FOR THE COLLECTION AND DISPOSAL OF HOUSEHOLD HAZARDOUS WASTES IN COOPERATION WITH THE CHIEF ADMINISTRATIVE OFFICER AND SANITARY FILL COMPANY; AND AUTHORIZING THE DIRECTOR OF HEALTH TO NEGOTIATE AND ENTER INTO A CONTRACT WITH SANITARY FILL COMPANY FOR IMPLEMENTATION OF THIS PROJECT; AND REQUESTING PREPARATION OF A REPORT CONTAINING A DESCRIPTION OF THE OPERATIONS OF THE PROJECT AND RECOMMENDATIONS FOR A PERMANENT HOUSEHOLD HAZARDOUS WASTE COLLECTION AND DISPOSAL PROGRAM

WHEREAS, The storage and disposal of small volumes of hazardous waste present a potential safety and environmental hazard to the citizens of San Francisco; and

WHEREAS, The California Department of Health Services has perceived a need to assist householders in disposing of their small quantities of hazardous wastes and has promoted household hazardous waste collection projects throughout the state; and

WHEREAS, On August 3, 1985, the City and Sanitary Fill Company, with the cooperation of the California Department of Health Services, sponsored a successful one-day household hazardous waste collection project that resulted in the collection and disposal of 63 drums of hazardous waste; and

WHEREAS, The feasibility of separately collecting and disposing household hazardous waste and the existence of potential safety and environmental issues raised by such separate collection and disposal could be more accurately assessed by implementation of a one-year research and development household hazardous waste collection and disposal project than a one-day collection project; and

WHEREAS, The Board of Supervisors, the Department of Public Health, the Office of the Chief Administrative Officer, and the City

Planning Department, in cooperation with Sanitary Fill Company, has proposed a pilot project for the purposes of evaluating the need for and practicability of a permanent household hazardous waste collection and disposal program; and

WHEREAS, The proposed project would provide residents with the opportunity safely to dispose of small quantities of hazardous waste, provide evidence of the magnitude of household hazardous waste problems, assist in determining options for long term waste management programs, and reduce the possibility that the waste might pose a risk to sanitation workers; and

WHEREAS, The California Department of Health Services has expressed its support of this project and is willing to issue a research and development permit for the operation of this project on a trial basis for one year; and

WHEREAS, Sanitary Fill Company has proposed to manage the operations of the collection site; to receive, segregate, package and assist in coordinating disposal of the waste; and

WHEREAS, The Department of Public Health will be the hazardous waste generator for purposes of this household hazardous waste collection and disposal project and will assume the responsibilities set forth by law; and

WHEREAS, The Office of the Chief Administrative Officer will develop a funding mechanism to operate the pilot project; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco hereby urges the Mayor to request the Health Commission to prepare and implement, with the assistance of the Chief Administrative Officer and Sanitary Fill Company, a research and development project for the collection and disposal of household hazardous waste deposited by residents of San Francisco; and be it

FURTHER RESOLVED, That the Director of Health is hereby authorized to negotiate and enter into a contract with Sanitary Fill Company for the implementation of this research and development project, which will include the designation of the Department of Public Health of the City and County of San Francisco as the hazardous waste generator only for purposes of this household hazardous waste collection and disposal project; and be it

FURTHER RESOLVED, That the proposed household hazardous waste collection and disposal project should begin operations within six months of the adoption of this resolution; and be it

FURTHER RESOLVED, That substantial educational efforts in support of this project be undertaken by the City, including providing multilingual notices to describe the project, to list common household hazardous wastes, and to provide suitable warnings about harmful and illegal disposal techniques, and providing other forms of public notification of the project; and be it

FURTHER RESOLVED, That a final report be prepared that will provide a detailed description of the operations of the project, recommendations for the development of a large scale household hazardous waste education program, and recommendations for the implementation of a permanent household hazardous waste collection and disposal program; and be it

FURTHER RESOLVED, That the final report also include discussions of the feasibility of collection alternatives, such as door to door household hazardous waste collection, and a discussion of small generator hazardous waste disposal problems in San Francisco, including issues related to gas station operations, pesticide repositories, and paint recycling; and be it

(Conversion of Housing)

EXTENDING FOR SIX MONTHS INTERIM ZONING CONTROLS PROHIBITING THE CONVERSION OF RESIDENTIAL TO COMMERCIAL USE WITHOUT CONDITIONAL USE AUTHORIZATION AND AMENDING SUCH CONTROLS BY MAKING LESS THAN MONTHLY RENTALS A CONVERSION SUBJECT TO THE CONTROLS.

WHEREAS, the Board of Supervisors has, through the adoption of Resolution 63-85, imposed interim zoning controls prohibiting the conversion of residential to commercial use without conditional use authorization; and

WHEREAS, an extension of these interim controls is necessary to enable the Board of Supervisors and the Department of City Planning to study the problem of the loss of housing stock in the City because of the conversion of residential to commercial use and to devise permanent controls regulating such conversion; and

WHEREAS, the procedure for imposition and extension of interim zoning controls is set forth in Section 306.7 of the City Planning Code; and

WHEREAS, the interim zoning controls set forth in Resolution 63-85 should be amended in order to make clear that a change in the term of rental for a guest room or dwelling unit from a monthly rental to a shorter rental period is a conversion to commercial use that requires a conditional use permit; now, therefore, be it

RESOLVED, that the interim zoning controls set forth in the draft ordinance attached as Exhibit 1, currently in effect through Resolution 63-85, are hereby amended by making less than monthly rentals a conversion subject to interim controls and are hereby extended an additional six months.

(Conversion of Housing)

AMENDING PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE) BY ADDING ARTICLE 4, SECTION 401 TO PROHIBIT THE CONVERSION OF RESIDENTIAL TO COMMERCIAL USE WITHOUT CONDITIONAL USE AUTHORIZATION.

Note: Additions to the interim zoning controls set forth in Resolution No. 63-85 are underlined.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by adding Article 4, Section 401 to read as follows:

SEC. 401 (a) No person shall convert any dwelling unit, as defined in Chapter 4 of the Building Code, or guest room, as defined in the Housing Code, to a commercial use without a conditional use permit. <u>Changing the term of rental in a dwelling unit or guest room from a monthly term of tenancy to a rental term of less than monthly shall constitute a conversion of a dwelling unit or guest room to commercial use</u>.

(b) When considering whether to grant a conditional use permit for the conversion of a dwelling unit or guest room to commercial use, in lieu of the criteria set forth in City Planning Code Section 303, consideration shall be given to the adverse impact on the public health, safety and general welfare of the loss of housing stock in the City and to the proposed use of the property.

(c) This ordinance shall not apply to: (i) Any dwelling unit or guest room in a structure that is constructed after November 15, 1984, or (ii) Any guest room governed by the Residential Hotel Unit Conversion and Demolition Ordinance; or

URGING THE MAYOR TO URGE THE CITY PLANNING COMMISSION TO ADD TO THE ANALYSIS OF EACH OF THE RING NEIGHBORHOODS SURROUNDING THE DOWNTOWN PLAN AREA A SECTION WHICH CONSIDERS THE CUMULATIVE EFFECT CITYWIDE OF CURRENT AND PROPOSED ZONING

WHEREAS, the Department of City Planning since 1982 has rezoned or undertaken planning studies for the mixed residential/business districts which surround the area covered by the Downtown Plan, including Rincon Hill, South of Market, Mid-Market, Snowplace Square, North Mission, North of Market (Tenderloin), Van Ness, Hayes Valley, Polk Street, Chinatown and Broadway/North Beach (hereafter referred to as "Ring Neighborhoods"); and

WHEREAS, these Ring Neighborhoods are presently occupied by many lower-income and middle-income San Francisco residents; and

WHEREAS, these areas are also presently occupied by many neighborhood serving small business and city-wide service firms; and

WHEREAS, these areas are crossed by the principal traffic and transit access routes to the Downtown Plan area; and

WHEREAS, San Francisco, especially the Ring Neighborhoods, is now experiencing persistent homelessness, increased traffic congestion, longer transit delays, and a growing inability of long-established small businesses to compete for rental space in the real estate market, as well as many other changing circumstances of concern; and

WHEREAS, although some of these areas have been down-zoned since 1982, the new zoning controls still permit significant new commercial and residential development; and

WHEREAS, a significant increase in commercial and residential development in these areas may have significant impacts upon the entire city as well as upon these areas with respect to housing, traffic, and demands on public-transit; and

WHEREAS, a single study analyzing the impacts of the various proposed and adopted planning proposals for the Ring Neighborhoods would be beneficial and would provide additional information to the decision-making body prior to its adoption of specific zoning ordinances for these areas; and

WHEREAS, a single analysis of all of the Ring Neighborhoods may prove more cost efficient in the environmental review process than independent analysis of cumulative impacts in the individual environmental analysis of each area separately; and

WHEREAS, much of the data which may be necessary to a Ring Neighborhoods analysis has already been collected for the individual environmental impact reports already certified, including the Downtown Plan EIR, the Rincon Hill EIR, and the North of Market Extended Negative Declaration, or is being collected for individual environmental impact reports now under preparaion; and

WHEREAS, additional necessary data is routinely compiled by the Planning Department, such as the information contained in the annual Housing Information Series; now, therefore, be it

RESOLVED, that the Board of Supervisors urges the Mayor to urge the City Planning Commission to add to the analysis of each of the Ring Neighborhoods a section which considers the cumulative effect that current zoning in the areas, as well as proposed zoning changes, will have within the Ring Neighborhoods and throughout the City with respect to the issues raised in the EIR, including: housing demands, including homelessness, the need for affordable housing, the loss of affordable housing units; city-wide traffic and transit demands; displacement of residents; and displacement of neighborhood-serving small business.

URGING THE MAYOR TO REQUEST THE PUBLIC UTILITIES COMMISSION TO CONSIDER ADOPTING A POLICY REQUIRING THE MUNICIPAL RAILWAY TO TAKE CERTAIN STEPS TO MINIMIZE AIR POLLUTANT EMISSIONS.

WHEREAS, The operation of Municipal Railway's diesel buses causes certain air pollution problems, as when buses are left parked with their engines running; and

WHEREAS, The Bay Area Air Quality Management District (B.A.A.Q.M.D.) has made various recommendations to alleviate these problems, such as

SUPPORT OF MUSEUM USE FOR THE HASLETT WAREHOUSE

WHEREAS, the Haslett Warehouse at Fisherman's Wharf has for the past two decades been designated in various City and other planning studies for museum use; and

WHEREAS, the Haslett Warehouse has been owned for the past eight years by the Golden Gate National Recreation Area (GGNRA), Department of the Interior; and

[Safe Drinking Water and Toxic Enforcement Act of 1986]

ENDORSING THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986.

WHEREAS, Hazardous chemicals pose a serious threat to the health and well-being of all Californians; and

WHEREAS, The government of the State of California has failed to provide the citizens of California with adequate protection from hazardous chemicals; and

WHEREAS, The failure of the government of the State of California to provide this protection has been serious enough to prompt investigations by federal agencies of the administration of California's toxic protection programs; and

WHEREAS, The Safe Drinking Water and Toxic Enforcement Act of 1986, an initiative measure to be submitted directly to the voters on November 4, 1986, would prohibit the contamination of drinking water with chemicals known to cause cancer or reproductive toxicity and would require persons doing business of which a product or by-product is such chemicals to provide clear and reasonable warning to any individual who may be exposed to such chemicals; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby endorse the Safe Drinking Water and Toxic Enforcement Act of 1986, a copy of which is on file in the office of the Clerk of the Board of Supervisors, and does hereby commend it to the citizens of the State of California for adoption on November 4, 1986; and, be it

FILE NO. 376-86 RESOLUTION NO. 791-86

OPPOSITION TO NOVEMBER 1986 BALLOT INITIATIVE 63, "ENGLISH ONLY"

WHEREAS, The English-only constitutional amendment would require the state "to take all steps necessary to insure that the role of English... is preserved and enhanced" and to "make no law which diminishes or ignores the role of English as the common language of the State of California";

WHEREAS, The passage of the "English Only" initiative would give individuals a private right of action against the state to enforce the amendment;

WHEREAS, The declaration of English as the official language of the state is unnecessary because English is already the primary means by which business, educational and social interation is engaged in by the vast majority of people in California;

WHEREAS, This amendment could lead to the elimination of government programs, such as multi-lingual emergency services, bilingual eduation, and bilingual ballots, which assist limited-English speaking citizens and residents in being knowledgable and productive members of society;

WHEREAS, This amendment sends the message that knowledge of foreign languages and cultures is unnecessary and unpatriotic at a time when survival of the international community depends on a better understanding of the diverse cultures of the world;

WHEREAS, This amendment is a thinly-veiled attack on the civil rights of people of color that would promote racism and xenophobia;

WHEREAS, The diminishment of government programs and services for language minorities will create divisiveness and disharmony among the various racial and ethnic communities of California;

WHEREAS, The vague language of this amendment would encourage wasteful and frivolous lawsuits involving challenges to foreign language advertising, to the teaching of foreign languages in public schools, and to the foreign language names of streets and cities, now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco is opposed to Initiative 63, "English Only", and be it,

FURTHER RESOLVED, That the Board of Supervisors of the City and County of San Francisco will publicize its opposition to this initiative with the intent of educating the legal community and the public about the pernicious effects of the English-only initiative, and be it,

FURTHER RESOLVED, That the Board of Supervisors of the City and County of San Francisco will take all necessary steps to implement this resolution.
